

ABOUT US

B-empowered is an online turnkey empowerment medium aims to bring opportunities, information, knowledge, people and resources at the finger tips off opportunity seekers, corporates, local human capital and related pool of needy users.

This online turnkey medium serves as one of our local corporate endeavour towards capping the spread of COVID-19 in township based mega-projects; and this is achieved through strategic deployment of e-solutions tailor-made to address socio-economic empowerment needs of local content.

Why B-empowered?

By policy definition, “Empowerment confers greater access to opportunities, skills and resources”!

The above noted definition is the heartbeat why B-empowered Medium was created, to bring opportunities, skills and resources at the finger tips off townships, semi-rural and remote areas [local content].

The development of on-line medium makes it simpler to link the right [talent] person to the right [opportunity] irrespective of the extend of their peripheral status quo.

Objectives of this medium

- Our main objective is to build an economically empowered local content through well-structured socio-economic developmental programmes that connects townships and remote areas with mainstream opportunities “[local Talent meeting great opportunities]”.
- This medium also serves as e-recruitment platform fashioned to augment traditional recruitment practises which might be part of super spreaders of COVID-19 in township based mega-projects.
- We also aim towards developing young minds for the economic wellbeing of townships / remote areas or localities
- Advance Skills transfer / development for those who are not matured enough for integration into the work force
